7. Manhattan Quartz Mining Company.—
Other, No. 2028 Broadway, New-York City. Capital stock, \$150,000. Sharos, each \$160. Current money or drafts on New-York Banks may be forwarded to the President for stock, by mail. The machinery for this Company toosther with a complete outlin-consisting in part of a full assortment of tools for carpenters and blacksmiths, lumber, iron, steel, mining-tools, and heavy wagons to convey the machinery, engine, &c, to the mines—sailed in the clipper ship Radiga, for California, from Boston, on the 30th June; and the engine and botler (the latter being too large for the Radiga) will go in the new clipper Polynesia, which is to sail from Boston on the 17th inst. The machinery will probably arrive in San Francisce about the 18th of November, and is fully insured to Sacramento City. The machinery, it is considered expected, will be in motion by the last of January, 1833. The latest and best improvements, both for crushing and amalgamating, have been adopted. More time, therefore, has been consumed in completing this machinery than was at first anticipated. The saving to the stockholders by adopting this machinery will be at least twenty thousand dellars, and its increased efficiency for crushing and capacity for saving gold will vastly more than compensate for the loss of time thus occasioned. Subscriptions for stock will received at the Company's office, on application to the President John A. Colins, No. 208 Broadway, N. Y. City. For the loss of time thus occasioned. Substitution for accessive end at the Company's office, on application to the President, John A. Collins, No. 2008 Broadway, N. Y. City. Pamphlets, explanatory of the objects and prospects of the Company, may be had on application by letter, postpaid, inclosing two postage stamps, to John A. Collins, as above.

JOHN A. COLLINS, President.

TO the PRESS, the FARMERS, AR-TISANS and MANUFACTURERS of NEW-YORK.

The New-York State Agricultural Society has appointed a TRIAL of AGRICULTURAL IMPLEMENTS, to be made under the superintendence and award of its officers, in the month of July, to begin on the 20th, and to be held near the willows of Geneva.

made under the superintendence and award of its officers, in the month of July, to begin on the 20th, and to be held near the village of Geneva. Prizes are offered for the best implements tested, among which are Grain Reapers, Mowing Machines, Drills, Horse-Powers, Steam Engines, Thresbers, Sowers, Cultivators, &c. Inventors, Manufacturers and Farmers from all parts of the Union will be present, both to exhibit the products of their skill and industry, and to witness the trial and display. And aside from what is entered for trial, under the auspices of the State Society, an extensive exhibition of Manufacturers of Geneva. A large and commodious inclosure will be made, and suitable tents erected to accommodate all exhibitors in a convenient manner.

It is confidently expected that the Exhibition will be very largely attended by Farmers and others interested in Agricultural and Manufacturing improvements, thus afording a rare opportunity for Mechanics and Inventors to gain celebrity for their articles.

Persons designing to bring articles to this Exhibition will please give notice to the Chairman of the Committee of Arrangements, (JOHN S. PROUTY.) what they shall offer, and what room they will require, as soon as possible.
